

Our continuous qualitative growth is based upon the above-average competence of our team and the consequent use of the approved Ingenics method. To further upgrade our project team in Atlanta, we are looking for an:

› Efficiency Improvement Expert

Your responsibilities:

- Securing and improving the competitiveness of corporations by continuously updating all business processes and cycles.
- Defining and evaluating measures for improving efficiency for our clients and for Ingenics.
- Preparing, customizing and presenting workshops and conducting training on methods with the client.
- Describing particular improvement measures and the practical application of potentials.

Your profile:

- You possess a degree as a technician or a Bachelor's or Master's Degree in Engineering and have knowledge about Lean Manufacturing which you gained through experience, preferably in the automotive industry.
- You are skilled in conducting production improvement projects such as: Kaizen, KVP, 5S, Kanban and the introduction of One-Piece-Flow.
- You are interested in other cultures and accordingly include the corresponding mobility to perform client projects in the US and globally.
- Good written and verbal English skills.

Should you be interested, please send your complete application (including resume and cover letter) to Ms. Rebecca Adams, your contact person in Ulm, Germany.
