

Ingenics is a **leading consulting firm** that helps companies across a range of industries to achieve lean operational excellence. Our comprehensive approach covers all phases of a project: from initial planning to systems design, final implementation, and continuous improvement. Ingenics' key services can be defined as: planning, optimization and qualification with focus on three key business areas — factories, logistics and organization.

To further expand our project teams in **Shanghai** and **Shenyang**, we are looking for a:

› Consultant for our Project Management Office (m/f/d)

Your responsibilities:

- › Responsible for overall project milestone scheduling and steering.
- › Supporting Project Managers in tracking and reporting of Main Performance Indicator.
- › Forecast Planning and Budget Analyze.
- › Consolidation and preparation of information for management.
- › Communication with international project partners.
- › General support of Project Manager in any PMO related tasks (e.g. LOP, Project organization, Meetings, ...).

Your profile:

- › Your Background should include a BA degree or higher.
- › At least 3 years of experience within the field of project management, preferably in consulting or automotive industry.
- › Excellent communication skills, including quick understanding and active listening, good team player.
- › Ability to support our customers in complex project tasks as well as working in international project teams.
- › Good command of Chinese and English (knowledge of further languages especially German would be advantageous).
- › Based in Shanghai or Shenyang Office. Willingness for domestic and international travel over longer project durations is required.

Ingenics offers:

- › A modern, team-oriented working environment with many opportunities for personal development and further training on the job.
- › Due to the worldwide presence of our customers, you have the chance to gain knowledge and experience in international projects.
